PROFESSIONAL EXPERIENCE

Country Head - India | Boosta

Mar 2023 - Present

Boosta is a European SaaS company providing marketing and data solutions. Spearheading India market entry and operations.

- Spearheaded Boosta's India market entry, standing up operations, hiring, and infrastructure with no prior team in place.
- Scaled a digital marketing team to 10+ specialists, directing SEO execution, campaign delivery, and QA across a portfolio of 25 international SaaS client accounts.
- Built and manage operations generating \$270,000 in annual recurring revenue (ARR) from 25 active client accounts.
- Drive account retention and expansion through proactive client communication, performance insights, and renewal management.
- Deployed AI-based automation across daily operations, cutting manual reporting and campaign turnaround time by 10%.
- Act as the key liaison between global headquarters and India operations, aligning on growth strategy, compliance, and culture.
- Nominated for the Best Employee Award at Boosta in both 2025 and 2026, in recognition of leadership performance and business impact.

Co-Founder & COO | EzelInvite (PA Spatial Solutions Pvt. Ltd.)

Jan 2020 - Feb 2023

SaaS-based event management platform connecting customers and vendors across Delhi NCR.

- Co-founded and ran full-scale operations for a SaaS event-tech platform, managing a 15-20 member team spanning development, sales, content, and marketing.
- Onboarded 6,500 vendor partners in year one, establishing a footprint across multiple event categories.
- Took organic Google visibility from zero to 58,000 daily impressions via SEO and performance-marketing initiatives.
- Owned go-to-market execution — pricing strategy, digital campaign planning, and retention programs.
- Pioneered early AI-enabled automation in marketing operations, sharpening campaign targeting and cutting manual effort.
- Recognized by Hindustan Times (Nov 2021) for driving digital transformation and business innovation.

Manager - HR & Admin | PA Spatial Solutions Pvt. Ltd.

Jan 2020 - Aug 2021

Software Quality Engineer | IBM

Nov 2009 - Aug 2010

- Conducted end-to-end validation ensuring accurate data flow between integrated systems; supported defect tracking and documentation.

Software Engineer | L&T Infotech

Jul 2007 - Apr 2009

- Designed interfaces and performed coding and integration testing in webMethods; ensured quality compliance through documentation and debugging.

KEY ACHIEVEMENTS

- Grew Boosta's India operations from setup to \$270K ARR.
- Nominated for best employee award in 2025 and 2026 at Boosta.
- Featured in Hindustan Times for innovation in digital transformation (Nov 2021).
- Built and managed multi-disciplinary teams across marketing, SEO, design, and technology.
- Consistently maintained high customer satisfaction and account renewal rates.
